

PBGH has four key strategies to help us achieve our vision. Under each strategy we have several projects you can learn more about by visiting the pages below. In each strategic area we also have [specific goals and metrics](#) to help us achieve our vision for 2015: A health care system transparent about the quality, cost and outcomes of care where consumers are motivated to seek the right care at the right price and providers are incentivized to offer better quality, more affordable care. We invite you to learn more.
